CSV Editor Pro Free

CSV Editor Pro is a software whose sole purpose is to help individuals, as the name hints at, in creating and editing CSV documents. Clean environment The installation process you are required to go through does not last very long and it does not bring any kind of surprises. When you are done with it, you come face to face with a minimal and modern UI, which only consists of a menu bar, several shortcut buttons and a pane to display the actual contents of the uploaded CSV. It becomes quite clear that it can be used with great ease by anybody, including beginners and highly experienced ones. Furthermore, there are even some extensive Help contents you can consult so as to be sure you can work with this app at its full potential. Enough editing options to tinker with This software utility lets you upload CSVs only with the help of a built-in file browser, as the “drag and drop” feature is not supported. When it comes to editing, you should know there are a lot of options you can tweak. To be more precise, it is possible to change the character set, manage rows and columns (copy, cut, create, move, paste, rename and sort), convert encoding and increase or decrease indents. Plenty of incorporated tools It is possible to use a text-to-speech tool, a spell checker and a macro manager. In addition to that, you can take advantage of a search feature, as well as a find and

replace one, view table statistics (total number of rows, completely visible rows etc.) and save them to the hard drive as a TXT. Bookmarks can be added and managed with great ease, snapshots of the window can be taken, copied to the Clipboard, printed or even saved to a custom location on the hard drive, as a BMP image. Conclusion Taking all of this into consideration, we can safely say that CSV Editor Pro is a pretty efficient and well-rounded piece of software. It is a good choice for both power and novice users, it has a good response time, it does not put a strain on the computer's performance, as CPU and memory usage is low, and there are sufficient features to keep you busy for a while.
